Most of them are in fairly good order, some very good, and all in the list given below are capable of giving much service. It is proposed to keep them on call, members to have them as extra sets, independently of any newer one they may have at the time, with permission to lend them outside the library to branches, schools, women's clubs, or anywhere in the city or town where they will be of use. If not needed elsewhere they may be kept extra time. The control of these sets will be with the secretary, to whom application should be made. The heavier boxes may be sent by freight, if desired.
